

The Community College of Allegheny County (“CCAC”) and Colorado State University–Global Campus (“CSU-Global”) hereby establish a Memorandum of Understanding (“MOU”) to facilitate students’ transfer from CCAC to CSU-Global.

PURPOSE

- This MOU formally recognizes that both institutions are active educational partners, committed to providing greater educational opportunities and services for students transferring between institutions. This commitment strongly supports the concept of seamless transfer that embraces the principle that transfer students should not be required to repeat competencies already achieved.
- Both institutions enter into this MOU in the spirit of cooperation and mutually recognize each other as quality institutions of higher learning. Each institution, furthermore, is dedicated to serving students from all walks of life, regardless of race, ethnicity, religion, sex, disability, color, age, marital status, national origin or other non-merit factors.
- Under the terms and conditions of this MOU, participating students will maximize as much as possible their community college coursework and credits.
- Through ongoing communication between their faculty and staff, CCAC and CSU-Global will better understand the obstacles confronting students who are transferring and cooperate in removing such obstacles. By working at the department level, the courses that a student takes at CCAC can be matched with courses required at CSU-Global.

The MOU provides a structure through which transfer articulation on all levels can be supported. CSU-Global understands and agrees that transfer articulation is with CCAC as a whole and not with individual campuses. Therefore, it is understood and agreed that courses taken at any CCAC Campus, Center or online are considered equally transferable.

TRANSFER ELEMENTS

Treatment of associate degrees and general education core as admission criteria

This MOU establishes the principle that all applicable associate degrees at CCAC transfer to CSU-Global. CCAC graduates will not need to repeat completed equivalent lower-division general education requirements at CSU-Global. All credits that are completed with a grade of C- or higher are accepted and applied toward the designated/appropriate college degree(s). Courses completed with a grade lower than C- will not transfer. Articulated associate degrees will be identified, maintained, and available as separate documents from this MOU.

CCAC associate degree graduates with a minimum cumulative GPA of 2.0, entering under the terms of this MOU are guaranteed admission into the university. However, students should be advised that some degree programs at CSU-Global might require a higher GPA for admission.

CCAC graduates will follow CSU-Global's transfer process and, therefore, must meet all applicable requirements and deadlines pertaining to application for admission, advising, registration, and payment of tuition and fees. They will abide by the policies and procedures, along with any revisions thereof that apply to all students from that institution.

In order to complete the baccalaureate program in a timely manner, students are advised to follow the transfer guide for the academic program they plan to pursue at CSU-Global. If the student intends to change degree focus upon admission to CSU-Global, the student may be required to complete some lower division preparation work prior to beginning the program at CSU-Global.

Treatment of Community College of Allegheny County coursework as admission criteria

Students who transfer to CSU-Global with less than an Associate or non-articulated degree (and have not completed the General Education requirements) will have their General Education courses evaluated on a course-by-course basis and may be required to take any additional courses necessary to satisfy the General Education requirements at CSU-Global. However, if these students have completed equivalent General Education courses with a grade of C- or higher at the sending institution, these courses will be accepted toward satisfying General Education requirements at CSU-Global.

CCAC students who plan to transfer to CSU-Global may complete any missing general education by [i] taking the additional CCAC lower-division courses required to complete the general education core at CCAC, [ii] complete the general education requirements at CSU-Global, or through approved CLEP or DSST exams.

Award of Upper-Division Credit

Students who transfer lower-division credits beyond that required for an associate degree or whose lower-division credits/competencies are equivalent to designated upper-division credits/competencies, can request/petition these courses/competencies be evaluated by CSU-Global and, where appropriate, equivalent upper-division credit will be awarded.

Total Number of Transferable Credits

Transfer credits will be maximized and associate degrees will be accepted in their entirety where applicable. However, the maximum number of lower-division credits that can be accepted and applied to the university degree at CSU-Global is **sixty-four (64)**. This transfer credit limit will be the difference between total credits required for degree completion and university upper-division requirements.

If Competency Based Exam (CBE) and/or Prior Learning Assessment (PLA) credit was earned and awarded as part of the transferring associate degree, those credits will be accepted as part of the sixty-four (64) maximum number of lower-division credits.

Evaluation Process

There will be an annual evaluation process of the partnership supported by this MOU. The information obtained from this evaluation will be used to improve the transfer process for the benefit of students.

Longevity of the MOU

This MOU shall be effective immediately upon approval and shall continue in force and effect until terminated by either party. Termination shall occur upon written notice by either party to the other submitted six (6) months prior to the termination date. Students accepted into the program prior to the termination date will be allowed to continue in the program.
