**GUARANTEED ARTICULATION AGREEMENT
BETWEEN
CLARION UNIVERSITY OF PENNSYLVANIA
AND
COMMUNITY COLLEGE OF ALLEGHENY COUNTY**

WITNESSETH

WHEREAS, Community College of Allegheny County (hereafter "CCAC"), whose college office is located at 800 Allegheny Ave, Pittsburgh, PA 15233 offers associate's degrees in several academic programs; and

WHEREAS, Clarion University of Pennsylvania (hereafter "CLARION"), located at 840 Wood Street, Clarion, PA, 16214 offers bachelor's degree programs in related academic programs; and

WHEREAS, both Universities desire to facilitate the transfer of students from associate's degrees in several disciplines at CCAC to subsequent bachelor's degrees at CLARION; and

WHEREAS, subject to the terms of this Agreement, the student who has earned an associate degree in designated programs at CCAC shall be guaranteed admission with advanced standing at the junior level to CLARION.

NOW THEREFORE, CCAC and CLARION officially confirm the following terms of this Agreement:

1. Letter of Intent. Upon admission to CCAC, an interested student may sign a letter of intent to transfer to CLARION at the time the associate degree is completed. Said letter is attached as Exhibit "A." The Letter of Intent is not required, but such letter guarantees acceptance at CLARION under the provisions of this agreement.

2. Early Enrollment at CLARION. Students who have satisfactorily completed at least six credits at CCAC and meet CLARION's admission requirements, will be permitted to simultaneously enroll at CLARION as transient students during the fall or spring semesters while still enrolled at CCAC. In order to do so, students must sign a Letter of Intent (Exhibit A) to indicate their plan to transfer to a specific articulated major upon completion of a degree at CCAC. Students approved for Early Enrollment may file a Quick Admit form and register for courses through CLARION's Registrar's Office until the CCAC associate's degree is earned or they reach 13 credits at CLARION. At that point, the student would apply for formal admission as a transfer student at CLARION. While enrolled temporarily at CLARION,

students may use all services and attend all events available to regular full-time CLARION students.

3. Early Enrollment Tuition and Fees. In the case of a student seeking Early Enrollment at CLARION while attending CCAC, the CCAC tuition and fees will be charged to students for the CCAC courses. CLARION tuition and fees will be charged to students for the CLARION courses. Each institution will be responsible for collection of tuition and fees for courses transcribed by their institution. Financial aid will be issued by CCAC until the student transfers to CLARION as a junior year transfer student. Once the student transfers to CLARION, he/she will receive financial aid through CLARION. Until that time, it is the student's responsibility to inform the CCAC financial aid office when he/she is enrolled in a CLARION course.

4. Admission of Transfer Student. CLARION does not have an application deadline, except for the Associate of Science in Nursing degree, however students are encouraged to confirm their intent to enroll at CLARION six months prior to matriculation by completing the application for admission. General admission to CLARION is assured to students in good academic standing who have earned an associate's degree, no guarantee is available for admission into specific majors due to the highly competitive nature of some degree programs. The \$30 application fee is required by CLARION and is the responsibility of the student.

5. Acceptance into Bachelor of Science Program. CLARION will acknowledge the student's intent to enroll and the student must submit appropriate advanced deposits that will be credited towards the first semester fees.

6. Student Transcript. The student must forward an official final CCAC transcript verifying receipt of the associate degree prior to registering at CLARION. Costs associated with the transcript will be paid by the student.

7. Academic Policies and Requirements. The student while enrolled either at CCAC or CLARION shall comply with each school's academic policies and requirements. However, the specific academic policies/degree requirements in effect for the bachelor's degree as awarded by CLARION will be as such exists at the time of the student's enrollment at CLARION. Refer to the Transfer Guides (EXHIBITS B - K) for the most recent guides listing degree requirements. Transfer guides are updated annually and the latest versions are posted and linked on the transfer website at http://www.clarion.edu/admiss/transfer_students.shtml at the start of each fall semester. In addition to EXHIBITS B - K, any new agreements that are drafted will become part of this articulation agreements and will be posted on the CLARION website.

8. Discipline Policies. The student while enrolled either at CCAC or CLARION shall comply with each school's discipline policies and requirements. However, the specific discipline policies/degree requirements in effect for the bachelor's degree as awarded by CLARION will be as such exists at the time of the student's enrollment at CLARION.

9. Transfer Credits. CLARION accepts credits from CCAC in accordance with the CLARION Transfer Policy, which states, in part, that credits are transferrable, not grades. THE CLARION Transfer Policy also states, in part, that CLARION will accept transfer courses (except remedial/developmental) that are a C- or better from regionally accredited two- and four-year institutions. Students leaving CCAC with an associate's degree are provided the privileges of the Pennsylvania Academic Passport and its terms and conditions, including transferability of D or better grades. The CLARION Transfer Policy and the complete Pennsylvania Academic Passport Policy can be found in the CLARION Undergraduate Catalog. EXHIBITS B through K are transfer guides based on evaluations by CLARION faculty, including evaluation of expected learning outcomes as articulated in course descriptions and other supporting documentation.

10. Credits for Bachelor of Science Degree. To be awarded a bachelor's degree, a minimum of 120 credits must be completed. A minimum of 45 of the 120 credits must be taken through CLARION, using the CLARION transfer guides (EXHIBITS B – K) as a guide for curriculum. After completion of these requirements, CLARION will award the bachelor's degree and will be responsible for insuring the academic standards necessary for the awarding of the degree.

11. University Representatives/Monitors. Representatives, including faculty, from both universities will be appointed to evaluate the Agreement in operation.

12. School Calendar. CLARION's calendar will control as to pertinent dates for registration, exams, semesters and school breaks.

13. Termination of Articulation Agreement. Either institution may withdraw from the Agreement upon written notification to the other university, except that commitments made to students who have signed letters of intent will be honored.

14. Promotion. CCAC agrees to publicize this Agreement to prospective students in admissions literature and as part of regular student recruitment, and to inform qualified students matriculating to CCAC of the opportunity for admission to CLARION under the terms of this Agreement.
