**ARTICULATION AGREEMENT**

**For Transfer of Community College of Allegheny County's Associate of Science in Nursing degree.**

**Statement of Purpose**

The purpose of this articulation is to provide a basis for a cooperative relationship between Chamberlain College of Nursing and Community College of Allegheny County to benefit students who desire to complete a bachelor's degree. The intent is for Community College of Allegheny County students completing the AS degree plan to move seamlessly to the BSN degree plan.

### **Transfer Agreement**

Graduates from Community College of Allegheny County with an Associate Degree in Nursing and proof of RN licensure may be awarded up to 82 proficiency credit hours through the Chamberlain College of Nursing Articulation Plan (CCAP). This includes 37 liberal arts and sciences credits and 45 nursing credits.

The student may request to transfer up to an additional 15 semester credits hours. The student must fulfill a residency requirement of 32 semester credit hours completed at Chamberlain for the Bachelor of Science in Nursing degree program.

Chamberlain College of Nursing acknowledges that some credits earned towards the Associate Degree at CCAC may have been awarded as Advanced Standing credit as a result of transfer or prior learning assessment, to include standardized examinations, military coursework, or portfolio credit. This agreement maintains that the Associate Degree will be honored in its entirety.

This articulation is made explicitly subject to the terms of Chamberlain's admission requirements, academic policies, program requirements, and course descriptions, including but not limited to the Chamberlain academic catalog, student handbook and academic policy regarding transfer of external credit (all of the foregoing collectively referred to herein as the "Chamberlain Policies"). In the event of any conflict between or among Chamberlain Policies or elsewhere in this articulation, the terms of the Chamberlain Policies shall prevail.
