## Print Collections

The North Campus library houses nearly 25,000 volumes, including a reference collection on the main floor and circulating books on the second floor.

Additionally, CCAC students can borrow materials from other campus libraries either by visiting in person or by taking advantage of our free intercampus delivery.

The CCAC Libraries subscribe to over 60 premium databases that can help students find authoritative information for research projects. Visit our website for a complete list of databases.

CCAC students can access millions of full text newspaper, magazine, and journal articles through our research databases.

Our eBook collection through Ebscohost includes over 50,000 titles (mostly academic) that can be viewed on computers and mobile devices.

Best of all, these online research tools are accessible 24 hours a day from school, home, or office.

In addition to research support from the library, students can take advantage of the services available in the Learning Commons, Math Café, and Tutoring. At North Campus, all of these areas are conveniently located on the 2nd floor of the library.

The primary goal of the Learning Commons is to assist students in improving their reading and writing skills in order to be successful in the classroom.

The Math Café is a place where students can drop in and receive math help in a comfortable environment.

We offer one-on-one tutoring sessions in a wide variety of subject areas for students enrolled in credit courses. Check the schedule in the library to see when a subject tutor is available. Schedules can be found at the Tutoring Center.
